**EXCELLENT WINDOW DISPLAY**  
One of the most attractive shoe windows we have seen in Maysville for some time is that of Merz Bros. on Market street. This window was decorated by one of the young ladies of the store and shows much artistic hand-work, the color scheme being carried out in yellow and white, making it strictly an Easterlike. It would pay any one the trouble of a visit.

### BASEBALL GAME DISMANTLED

The indoor baseball game which has been conducted here during the winter by Scout William Doyle of Portsmouth, is being dismantled and will be taken to New Boston, Ohio, a suburb of Portsmouth. The game was very popular in this city for the first several weeks, but later it did not draw as well.

Mr. and Mrs. Charles Curran of East Fourth street were visitors in Cincinnati yesterday.

### VIGOROUS POLICY URGED

At a Cabinet Session Held Yesterday—Proposals Laid Before Congress By President To Be Comprehensive Say Administration Officials.

Washington, March 27—With army, navy and industrial preparedness measures to meet German aggression going forward as rapidly as possible, President Wilson and his cabinet today took up consideration of further steps to follow the convening of Congress in extraordinary session next Monday.

The President has not yet written the message he will deliver Tuesday or Wednesday and is said to have reached no final conclusion as to just what recommendations to make. Because of possible changes in the situation, he is not expected to put the address in final shape until the last moment.

There is no doubt in the minds of administration officials that whatever may be its details, the policy laid before Congress will be both vigorous and comprehensive. The general opinion after the cabinet meeting apparently was that the program most likely to be followed by Congress will include a declaration that a state of war exists between the United States and Germany, and authorization for the President to use the armed forces of the nation to protect its rights, the grant of a large credit to the government to carry out its policy, passage of censorship and espionage bills, and provisions for the employment of additional secret service agents.

All to Engage Uncertain  
No final decision has been reached as to whether financial assistance should be given the Entente Allies, though a strong sentiment for such a step exists among government officials. If this is done the government probably will deal directly with the other governments concerned and not through agents.

Colonel E. M. House, the President's personal advisor, arrived at the White House tonight from New York. He is expected to stay several weeks.

Senator Hitchcock, a member of the Senate Foreign Relations Committee, conferred with the President during the day and later said that he believed Mr. Wilson still had an open mind regarding recommendations to Congress.

Afterwards the statement was authorized at the White House that the President had invited suggestions, but had not committed himself to any course in his talk with Senator Hitchcock.

Mr. Eddie Sutton of Pittsburgh, Pa., arrived yesterday on a visit with relatives and friends in Aberdeen.

## You Can Make Excellent Cake with Fewer Eggs

Just use an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

#### New Way

1 cup sugar	1 cup sugar
2 cups flour	1 cup flour
2 teaspoons Royal Baking Powder	4 teaspoons Royal Baking Powder
3 eggs	1 egg
1/2 cup shortening	2 tablespoons shortening
1 teaspoon flavoring	1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the eggs. Add in the flour and Royal Baking Powder together two or three times, add in all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

### ENGLAND AND PROTECTION

Much that was said this week by the political correspondent of the Manchester "Guardian," in his comment on the report of the committee which has recommended a protective tariff for Great Britain, is of interest here. This writer makes clear some of the reasons why England is turning from its traditional free trade policy. He says the war has shown that, "though economic interdependence of nations is profitable, it is dangerous when war comes;" that then a nation must not be dependent upon other nations "for essential raw materials or essential manufactures," and that "even though it pays better in time of peace to import from foreign countries the raw materials and manufactures which they can produce more cheaply than we can, we cannot afford the risk of having our supplies cut off" in time of war. The war has shown the same thing here. Without being directly engaged in the struggle, we found that it did not pay to be dependent on other countries for articles which could be produced at home. A case in point was the scarcity of dyes that menaced important manufactures as soon as the supplies which we bought in German ports were open, were cut off. This lesson has been learned in England, where the committee on commercial and industrial policy urges a wide range of customs duties, but it does not yet appear that it has made much impression on the democratic majority at Washington.—Rochester (N. Y.) Post-Express.

The Department of Commerce has issued a bulletin entitled "American Remedies for Chinese Ailments." As Dr. Woodrow Wilson's Watchful Waiting Soothing Syrup is not mentioned it is surmised that the soporific is banned by the Chinese as a habit-forming drug.

The American dollar is worth 91 cents in Uruguay. In this country it is worth about 50 cents at the provision counter.

### OVERFLOWING OIL RUNS INTO CREEK

Winchester, Ky., March 23—Taylor Centers, of Hazel Green, Wolfe county, came to Winchester Wednesday afternoon on business trip and while en route received a message on the train that a fine oil well had been brought in on the Sample farm two miles from Hazel Green and six and one half miles from Campton.

According to the telegram received by Mr. Centers the oil is pouring from the well and running into the creek. Efforts are being made to check the flow. No estimate can be made of the amount of the production of the well until pumps are installed.

The Sample lease, as described by Mr. Centers is in line with the old oil field and operations in this section during the past several weeks have been very active. The report did not give the depth at which the sand was struck.

### NEW BARRED ZONE IN ARCTIC IS ANNOUNCED BY GERMANS

Berlin, by Wireless to Sayville, N. Y., March 25—Announcement of a new barred zone in Arctic waters was made today by the Admiralty in an official statement which reads:

"Foreign governments have been informed that in future in the district of the Northern Arctic ocean east of the twenty-fourth degree of eastern longitude and south of the seventy-fourth of the seventy-fifth degree of northern latitude, with the exception of Norwegian territorial waters, all ocean traffic forthwith will be opposed with all arms."

"Neutral shipping plying this district do so at their own risk, but provision is made that neutral ships that are already on voyage to ports in this barred zone or that desire to leave such ports will not be attacked without special warning until April 5."

## NOTICE TO SICK WOMEN

Positive Proof That Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Bridgeport, N. J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctorred part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and soon felt a change for the better. I took it until I was in good healthy condition. I recommend the Pinkham remedy to all women as I have used them with such good results."—Mrs. MILFORD T. CUMMINGS, 322 Harmony St., Penn's Grove, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

## TESTS FOR POSTMASTERS OF 3 CLASSES TO BE REQUIRED

Washington, March 26—President Wilson will issue within the next few days an order requiring examination for candidates for nominations as first, second and third class postmasters, to go into effect April 1. He conferred with Postmaster General Burleson.

Postmasters of these classes now are named without any sort of competitive tests, usually upon the recommendation of the member of Congress in whose district the office is located.

## BIRD DAY, FIFTH OF MAY

Washington, March 27—"Bird day, fifth of May" will be the slogan repeated by thousands of school children throughout the country if the birthday of John James Audubon is made national bird day, as has been suggested by Dr. Philander P. Claxton, United States Commissioner of Education, who says the birthday of the noted naturalist is the most appropriate day for the celebration. As the event will be largely a school affair, it is expected that many governors will name May 5 in appointing a Bird Day, this year.

The Audubon Societies have been urging the celebration of Bird Day on Audubon's birthday and officers of this bird-protective organization say that their Junior members, as the youthful members in the schools of the country are called, will celebrate the day nationally. So far in the current school years the Audubon societies say they have enrolled more than 60,000 Junior members and in the six years since the Junior work started 650,000 have enrolled. This membership is sufficiently large and widely scattered to give a national character to the celebration.

The suggestion of Audubon's birthday for the celebration is favored by Dr. Claxton though he has no authority to call for a nation-wide observance of the day.

## GOVERNMENT URGES SPEEDING UP OF FOODSTUFF PRODUCTION

Washington, March 26—Government officials look upon the speeding up of the foodstuff production in the United States as one of the most important means of assisting in the war against Germany, should the United States take an active part.

"Of the most important two things that this country could do for its Allies in case of war—namely, to finance and to feed them—perhaps the more important is to maintain a steady flow of foodstuffs to their shores," says an authorized statement by Assistant Secretary Vrooman, of the Department of Agriculture.

Since the policy of stimulating food production would have to be supplemented by a policy guaranteeing the farmer against loss due to possible overproduction, the department holds that Congress alone can deal with this question effectively, although the department can do something toward speeding up production within certain economic limits.

## GERMANY TO RELEASE 4 U. S. CONSULS AT WORD OF TURKEY

Washington, March 26—Germany has agreed to permit the four American consuls held at Munich to proceed to their new posts in Turkey as soon as the Constantinople government formally agrees to receive them virtually assuring officials here believe, that the difficulties placed in the way of the American transfer out of Germany soon will be cleared away. Turkey already has indicated informally that she will interpose no further obstacle.

Ambassador Willard, at Madrid, reported today that the Spanish foreign office had been assured by the German foreign minister that the four Americans were being held only until it was certain that Turkey would accept them. The State Department at once instructed Ambassador Elkus at Constantinople to secure such assurances.

## WEST VIRGINIA GOVERNOR URGES AMERICAN SPIRIT

Charleston, W. Va., March 26—Governor John Cornwell today issued a statement directed to all the people of West Virginia, urging that any indifference in the present war crisis be supplanted by real American spirit. The Governor in his statement called upon patriotic organizations, commercial bodies and civic societies to adopt resolutions pladging the support due to "the President and to those who surround and aid him" in order that they "may understand West Virginians are behind them in this the greatest moment of our country's history."

## GONE FOR GOOD

Results That Last Are What Appeal to Maysville People.

Kidney sufferers in Maysville want more than temporary relief.

They want results that last—results like Mr. Lynch tells about. His was a thorough test.

Over four years is a long time. Dean's Kidney Pills have stood the test and stood it well.

Why experiment with an untried medicine?

People here in Maysville have shown the way.

Read Mr. Lynch's story:

W. H. Lynch, shoemaker, E. Third St., Maysville, says: "My kidneys were weak and sluggish. At one time the motion of my kidneys stopped altogether. I finally used Dean's Kidney Pills and in a short time, the action of my kidneys became normal. I kept on taking them and they completely relieved me." (Statement given January 9, 1912.)

### A PERMANENT CURE

On November 14, 1916, Mr. Lynch said: "I haven't had any need of a kidney remedy since I last recommended Dean's Kidney Pills. They have permanently cured me."

Mr. Lynch is only one of many Maysville people who have gratefully endorsed Dean's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr.

has twice publicly recommended—the remedy backed by home testimony. 50¢ all stores. Foster-Milburn Co., Progs., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

## RUSS SOLDIERS URGE WAR BE CARRIED ON TO VICTORY

London, March 26—The Volynsky Guards, First Regiment, which declared for the revolution, marched Monday to the Taurine palace to express loyalty to the government and the necessity of carrying on the war to a victorious end, says a Reuter's Petropogod dispatch. The guards carried a number of red banners and their band played the Marsellaise.

"Don't betray your comrades in the trenches. Make shells."

Attempts by a few pacifists to obtain a hearing were promptly silenced.

But the ignorance of a lawyer isn't his for client.

Catarrh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

100' CHICAGO WOMEN BREAK UP MEETING IN FOOD PROTEST

Chicago, March 26—More than a hundred women, many of them with children in arms, broke up a meeting of the Council Judiciary Committee today by a riotous demonstration in protest against the high cost of living. The women mounted radiators, benches and chairs and shouted to know "what would become of their children."

Before the demonstration reached its height the committee recommended for passage in the legislature a bill empowering the city to go into the business of retaining food stuffs and other household necessities at cost.

## TOBACCO MARKET

Yesterday Was Better, Over Double the Amount Brought Sold Over That of the Day Before.

The sales on the Maysville tobacco market yesterday, all houses reporting sales excepting the Amazon, were over double the amount sold on Monday, the total sales for the day reaching 118,380 pounds at prices ranging from \$9 to \$27.50 per hundred pounds. The average of the market remained about the same. A number of good crops were reported sold, some reaching a twenty-dollar average.

The sales close tomorrow. This season has been one of the most successful ever had on the Maysville market and everyone has seemed satisfied. There is every indication that a larger amount of tobacco will be sold next year than there was this, as practically all of the farmers in this section of the state are planning to raise crops.

## RIVER NEWS

The gauge this morning marks 38.9 and falling.

The Courier is due up tonight from Cincinnati for Pomeroy.

There will be no packet down the river today.

The recent rise of the river, caused by the rains of Friday did not amount to much, although a rise of several feet was recorded. There is very little danger of another very big river this spring. Four years ago today, many of the residents of the East End and the lower districts of the city were moving out, on account of the prospective high water, which came as the highest river ever known.
